International Foundation Programme

Your gateway to university

Our International Foundation Programmes are designed for international students to prepare you for an undergraduate degree at one of our UK university partners.

These courses are designed to improve both students' English language and study skills alongside the subject specific academic skills needed for university entrance.

Available in three streams: Business, Health Science, and Engineering, the Foundation Programme you choose will ensure you are ready for success on your university degree course.

Our International Foundation Programme partners

Why choose this course?

- Different course durations depending on your English language level
- Successful completion of the course guarantees you acceptance to one of our partner universities
- Quality teaching by dedicated and specialised teachers
